

Milsean Shoppe Bakery Items

This is a sampling of some of the cakes we do. We can add writing and some simple additions. Extra design time will be custom priced. Lead time will vary from a minimum of 1 to 3 days.

Ingredient listings for all recipes are available upon request.

Wedding & Specialty Cakes with 80 portions or more are priced on average at \$3.50 to \$5.00 per person. Cakes under 80 portions, please allow for \$46/hr for design time plus the cakes base price (see below for prices on each different cake with portion sizes). Delivery & setup (if needing Maureen) is also \$46/hr. Usually the max time of actual setup is 1 hour, not including travel time. Maureen's specialty is butter cream (we do not do fondant). You can pick from the cakes below or discuss with her a favourite recipe of yours.
